
Codabar (NW - 7)

Enable/Disable Codabar

To enable or disable Codabar, scan the appropriate bar code below.

Enable Codabar

*Disable Codabar

CLSI Editing

Enable this to strip the start and stop characters and insert a space after the first, fifth, and tenth characters of a 14-character Codabar symbol. Use this feature if your host system requires this data format.

✓ **NOTE** Symbol length does not include start and stop characters.

Enable CLSI Editing

*Disable CLSI Editing

NOTIS Editing

Enable this to strip the start and stop characters from a decoded Codabar symbol. Use this feature if your host system requires this data format.
